EMPLOYMENT CORNER

TIP OF THE MONTH:

How to Avoid Job Scams

- Don't work with an employer that will hire you without even a phone interview.
- Never give your bank account, PayPal, credit card or Social Security numbers to an employer who you are not sure of.
- Do your own research on the employer.
- Never put your National Identification or Driver's license number on your resume
- Do not put your date of birth on your resume.
- How to know if "work from home jobs" are real?
 - Envelope stuffing/assembly work/ medical billing or claims processing- VERY few real jobs for these that could be done from home. If you see jobs like these where you can work from home- they are probably FAKE.
 - If work at home employers asks for your money first before you start work, that's a scam.
 - What questions to ask?
 - What do I have to do? Have them explain every step.
 - Will I be paid a salary or on commission?

- Who will pay me?
- When will I get my first paycheck?

Good luck on your job search!
